Do you want an appreciative audience to showcase your product or deliver information on your company's products or services? Vendor representatives can use this time to speak to and interact directly with interested and potential clients. You will also have the opportunity to be a part of the training process on your equipment, product or service. We will help with any set up and arrangements your company will need.

➤ *Let Our Group Work for You*

This is an extremely unique opportunity for companies to demonstrate their equipment, product and/or service directly to the end user.

➤ *Your Support is Needed!*

Breaks and lunches will be provided to all attendees and participants each day. We need your help to offset the expense of providing these services. Please help us by sponsoring the "Welcome Reception" or a Lunch during this event.

All sponsorships will include an "Exhibitor Registration" and participation in all student activities.
