

The ARFF Working Group, Boeing Fire Department and Port of Seattle Fire Department are once again teaming up to provide some spectacular training in 2017 for aircraft construction, familiarization and educational workshop.

This dynamic 3-day workshop will be held at three (3) different locations throughout the Puget Sound area. It will offer a wealth of knowledge and information related to aircraft construction and familiarization as well as various ARFF related topics and discussions. We promise that you will not be disappointed and will leave with an enhanced knowledge and understanding of aircraft and their functions.

The Tentative Workshop Schedule is as Follows:
